More Features

Fabric-Reinforced Metal Eyelets

OXY Fitness Stackable Resistance Bands are made from premium materials throughout. The joining sections of the bands are reinforced with metal eyelets attached to a premium neoprene fabric loop, making them both extremely hard wearing and safe.

Use Anytime, Anywhere

The versatility and small form factor of OXY Fitness Stackable Resistance bands means on-the-go workouts have never been easier. The portability of this 11pc set means you can workout from home, the gym, outside or even while you travel.

Up To 64 Levels Of Resistance

The 5 colourful 125cm long tubes made of 100% two-layer natural latex of different thicknesses allow you up to 64 resistance levels and are therefore perfect for extending the workout as required.

Use The Door Anchor For Versatility

The Door Anchor Stopper is very large and soft, built to protect doors from scratching and denting. The Door Anchor Loop is made with an additional neoprene padding to help preserve your resistance bands from damage.

Heavy-Duty Ankle Straps

Soft grips attach to the circular bands via a stainless steel carabiner for security and durability. The ankle grips are essential for doing your leg curls, leg extensions and abductors/adductors.

Ergonomic Anti-Slip Handle

OXY Fitness Stackable Resistance bands come with an ergonomic anti-slip foam handle. This ensures proper grip, control and form are maintained throughout the entirety of your workout.
