

Magnetic Wireless Charging Pad

iPhone 12 MagSafe Compatible

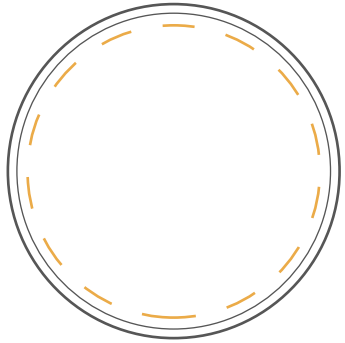

Introducing the all new Magnetic Wireless Charger! This wireless charger will work great on your desk or bedside table, but is also compatible with iPhone 12 MagSafe wireless charging. Strong magnetic hold means you won't have to worry about your MagSafe device sliding or slipping whilst on charge, useful for MagSafe enabled smart phones or cases. For the quickest and more efficient charge, pair with a 20W adapter plug for more power. Coming with a Type-C connector (or optional USB converter) you can use the Magnetic Wireless Charger on the go!
