

# MAG SPEAKER

RGB LED | Bluetooth | Magnetic

The MAG Speaker is a versatile, eco-conscious portable speaker that magnetically attaches to any metal surface, including MagSafe compatible iPhones. Made from sustainable rABS (recycled ABS plastic), it delivers up to 4 hours of play time and features vibrant RGB lighting for an eye-catching effect. With a built-in TF card slot, you can enjoy music without needing a separate device. Its surface is customizable with print areas on the top or around the front, making it perfect for both personal and promotional use.
